Qualifications:

Mr. Saylor is a project manager in the firm and has worked for George J. Donovan AIA & Associates for over 6 years. He is responsible for the management and preparation of documents for all phases of projects ranging in scope and scale from small adaptive reuse projects to large commercial construction projects. He is very knowledgeable in many computer applications where he creates computer generated graphics and 3D models for clients. He specializes in sustainable technologies, LEED, and the design of high performance buildings.

Projects:

Some of the notable projects he has been a team member of include:

- Lower Southampton Library
- Central Bucks West High School
- South Coventry Municipal Building
- Bucks County Bank
- Quakertown National Bank
- Spring Township Municipal Complex (Sustainable complex)
- Newtown Municipal Complex (LEED Registered project)
- Borough of New Hope Municipal Complex (Sustainable complex, Energy Star registered)
- Churchville Nature Center (First LEED building for GJD offices, LEED Silver)
